The GSK Anti-Bribery and Corruption (ABAC) Programme

There is no greater priority for GSK than the ethical conduct of our people. We exist to improve patients' lives. Everything we do must be in the best interest of the patients. No matter where we operate in the world, in our interactions with patients, prescribers, payers and governments, we must live our values of respect for people, transparency and integrity. Nowhere is our commitment to ethical conduct more evident than in the area of corruption prevention and detection. At GSK, our attitude towards corruption in all its forms is simple: it is one of zero tolerance. I know that we operate in challenging commercial environments and in cultures where corruption can be widespread. This can never be an excuse. It is vital that we ensure that our people and those who work on our behalf, understand their responsibilities and operate to the highest ethical standards.

- Andrew Witty, Chief Executive Officer

ABAC

GSK has a Code of Conduct setting out the standards of ethics of the corporation, and specifically an Anti-Corruption Policy that applies worldwide to all GSK employees, subsidiaries and affiliates, and third parties acting for or on behalf of GSK. In many of its elements, GSK policy is stricter than some of the legislations of countries where we operate.

GSK's Anti-Bribery and Corruption Programme (ABAC) has been designed to incorporate a robust set of internal controls of GSK's operations around the world, and includes not only the GSK Anti-Corruption Policy, but also a set of rules of conduct for the company and its employees in our interactions with Healthcare Providers and Government Officials, third parties in general and our business development transactions. GSK provides training to its employees and selected third parties on its ABAC Programme. We have a dedicated group to manage the corruption risk of the company, including the monitoring and auditing of our activities to ensure compliance with GSK's Anti-Corruption Policy and the adequacy of our internal controls. GSK regularly reviews its ABAC Programme as part of its internal process of improvement, and benchmarks it against the standards of the industry with the aid of external experts.

All GSK Bangladesh dealings with third parties are carried out with the highest standards of integrity required for all GSK business and in compliance with all relevant laws and regulations. This policy declares that corrupt practices are not acceptable in GSK business dealings both in the private and government sectors. GSK's dealings with governments and government officials are subject to specific anti-corruption laws which carry very significant penalties, including but not limited to the UK Bribery Act, the US Foreign Corrupt Practices Act and the US Sarbanes-Oxley Act.

Notice of Annual General Meeting

Notice is hereby given that the 41st Annual General Meeting of GlaxoSmithKline Bangladesh Limited will be held at the Hotel Agrabad, Agrabad Commercial Area, Chittagong on Thursday, the 24th April 2014 at 11:00 AM for the following purposes:

- **1.** To receive and adopt the Directors' Report and the Audited Accounts of the Company for the year ended 31st December 2013 and the Auditors' Report thereon.
- 2. To declare a dividend for the year ended 31st December 2013.
- 3. To elect Directors of the Company in the vacancies caused under Article 85 and 89 of the Articles of Association.
- **4.** To appoint Auditors for the year 2014 and to fix their remuneration.

By order of the Board

Sarwar A Khan
Director & Company Secretary

Dhaka, 20th February 2014

Notes:

- 1. Members entitled to attend and vote at the Annual General Meeting may appoint a Proxy to attend in his/her stead. The Proxy Form must be affixed with requisite revenue stamp and deposited at the Company's Registered Office not less than 48 hours before the time appointed for holding the meeting.
- 2. The Record date is fixed on 12th March 2014 for closing of share transfer book. Members whose name will appear in the Members Register on that date will be eligible to attend and vote in the AGM and to receive the dividend as approved in the AGM.

Statement of Chairman

I am indeed very delighted to welcome you all to the 41st Annual General Meeting of your Company and present to you the statement on the status for the year 2013.

In a year plagued by the country's unstable political situation and turbulent business environment, your company has once again been able to deliver strong financial results. This has been made possible through the resilience of the entire organisation to make our medicines and healthcare products available for the consumers and health care professionals who serve them.

Bangladesh Pharmaceuticals Industry

The Year 2013 saw the Bangladesh Pharmaceuticals Market crossing the Tk. 10,000 crore mark. The 1st quarter market growth was slow, clocking only 2% but picked up to 14% and 10% for the second and third quarters. The last quarter witnessed intense political activity, strikes and road blockades, literally halting all modes of transportation. Therefore, the last quarter growth slumped to 7% with the annual growth being registered at 8%; significantly lower than the market growth of 12% for the earlier year.

Analysis of growth of different therapeutic classes of drugs points to the fact that the country is witnessing a rise in the number of patients suffering from chronic diseases like diabetes, hypertension & diseases of the central nervous system. Due to historic reasons and various limitations, GSK Bangladesh has an insignificant presence in these therapy classes. The therapy classes where we have strong presence viz. antibiotics, dermatologicals, respiratory, grew relatively slower.

In the backdrop of these challenges what was achieved by your company in the year 2013 can be termed as truly remarkable and is clearly a reflection of the teams' ability to rise to challenges and deliver against all odds.

Consumer Healthcare

The vibrant Fast Moving Consumer Goods (FMCG) Market in Bangladesh as estimated by Neilsen is valued about \$2.24 billion. Even with the turbulent political situation in 2013 the FMCG market in 40 categories has grown at 1% which includes Non-food categories (\$1,013.73 million) growing at 4.40%, followed by foods & beverages (\$1,148.49 million) growing at 2% and Liquid Ready to Drinks beverages (\$427.65 million) growing at 6%.

Currently the Health Food Drinks (HFD) segment is growing at 18.30% and GSK Consumer Healthcare business dominates the segment with 89% share.

Rodrigo Becker, Chairman

Business Performance Pharmaceuticals

According to internal data, the pharmaceuticals part of the business grew by 16% which is double the market growth reported by IMS. It was very encouraging to see that the growth achieved in 2013 was fuelled by products across therapy areas viz. Respiratory, Dermatology, Vaccines and Anti-infectives. A performance turnaround of this magnitude was the result of the teams' continued focus on building and consolidating our key strengths and diligent execution of strategies

As you know, one of the pillars of our portfolio is the **Respiratory Business**. Ventolin[™], one of our key respiratory brand, recovered significantly from the supply setbacks of previous years The performance of your company in this area was further fuelled by excellent performances by Seretide[™], Avamys[™] and Piriton[™].The second pillar of our portfolio is our **Dermatology Business**. In 2013 also, our brands maintained leadership in most of the therapeutic classes that we operate in. All brands in the portfolio viz. Betnovate[™]s, Dermovate[™]s, Bactroban[™] & Cutivate[™] did well.

As you know, the Stiefel portfolio is a recent addition to our dermatology business, augmenting our offerings to the dermatologists and their patients. A flagship product from the Stiefel portfolio−Physiogel™ was launched in 2013. Specialty Dermatology products from the Stiefel franchise have had very good acceptance with doctors as well as patients. We now offer a comprehensive skin care portfolio to manage skin conditions like acne, dry skin and sun protection. The products are best in class and hold great promise for the future. Several symposia with International speakers on Dermatology marked the whole year.

Brands belonging to the Classic Brands portfolio which are in a mature phase of life cycle grew double digits and boosted the overall performance.

Chairman's Statement

During the year we augmented our Innovative Brands portfolio with launch of Revolade™ and Votrient™ and these science based products truly reflect our mission of helping patients do more, feel better and live longer.

Our Vaccines Business continued to do well with strong performances from SynflorixTM, CervarixTM and RotarixTM. The Business stepped up programmes in this year to create awareness about a less understood disease like Cervical Cancer. Several scientific seminars and group discussions were conducted to highlight the role of cervical cancer vaccine in prevention of the condition.

Consumer Healthcare

The Consumer Healthcare Business continued to grow in 2013 though the overall unrest in the country created hindrance in the continuity of the rising growth chart. The year 2013 saw the business growing at 24%. Horlicks™-the flagship brand and its extensions have grown in a healthy manner and currently total GSK share stands at 89% in the Health Food Drink category. Almost 40% urban households in Bangladesh now use Horlicks and the rural market promises a new horizon of opportunity. This was supported by strong Commercial Execution with a direct outlet coverage growing by 40% from 2012.

The Consumer Healthcare Business has added three new brands to its product list. With the launch of Sensodyne Toothpaste we have entered into the Oral Healthcare category. Our introduction of Horlicks Biscuit in the Foods category and Women's Horlicks in the Health Food Drinks category has further strengthened our portfolio. Like every year new campaigns were launched for all brands and different robust marketing strategies were taken to pave the success of our brands.

Your Company is humbly proud to be driving the initiative of providing access to good nutrition to the people of the country.

Consumer Sales Team's Transformation:

The sales & retail distribution team used to be under the payroll of an outsourced business partner (MFPL). They would execute commercial activities in line with the directives from the sales leadership team of GSK. This model worked very well for many years. However, a strategic review session unfolded few critical challenges ahead for GSK:

- a. Growing complexities of the business e.g. NPI (new product introduction) in multiple categories, category management, etc.
- b. Solid capability to meet competitive challenges from the international competitors
- c. Sustaining the growth rate and building on the momentum
- d. Requirement of a very competitive employer branding image to attract and retain talents

Considering all these factors, we have created our own sales team with an additional head count of 82. As part of the business continuity and respect for people, we have recruited almost all of the sales employees of MFPL. This is the biggest sales force transformation in the industry in last 15 years.

GSK Bangladesh has created 82 positions in different job grades. The current leadership team of GSK consumer is part of the history of creating a solid 360 degree sales structure to embrace future challenges.

Manufacturing

2013 was a year of excitement with lots of achievements and initiatives. GMS Chittagong with ambition to support the person at the end of the supply chain has been maintaining uninterrupted product supply to market with "Zero" stock out. Apart from this, all the metrics in Safety, Quality, Service and Costs were on target.

Like other GSK manufacturing sites worldwide, GMS Chittagong also finalised Strategy Roadmap (SD) for delivering business from 2014. As part of the GMS strategy of implementing End to End Supply Chain—initial transformation work has been completed for transportation, warehousing and distribution function which will be operational in 2014. A number of initiatives were taken under capability and capacity building programme:

- Site employees completed a number of trainings at home and abroad as part of their annual training plan
- Glaxose manufacturing unit was renovated with fresh capital investment
- Finished goods warehouse was renovated with new Air Handling Units
- Addition of new clean liquid filling machine enhanced installed capacity
- New laundry machine was installed for in-house complaint laundry service at Site
- A number of renovation programmes like facility up gradation, SLE and PU flooring in existing facility were successfully completed in 2013

All the audit outcomes like Process Safety audit, TP-13 Engineering audit were successtful.

Employee engagement and communication remained to be the focus area in 2013.

GlaxoSmithKline People

Human Resources in your Organisation is consistently doing important strategic business partnering to make sure that HR strategies are aligned with business in sustaining market share and growth in a competitive generic market.

In view of this, Human Resources in your organisation is seen as successful business partner and delivering HR process as well as supporting business by attracting, retaining talented people and building on their capabilities.

To this end, your Company took several initiatives in the year 2013, which may well be considered as another year of attracting, developing & retaining talented employees in both Pharma/Vaccine and Consumer Healthcare business. The initiatives include attracting and placing right talents as per business need, improve skills and knowledge through trainings, rolling out various HR policies and other motivational initiatives.

Like any other year, Employee and Industrial relations were quite healthy in 2013.

Medical Affairs

Medical continued to provide significant support focusing on science and evidence and on integrity and transparency to achieve the goal of the organisation in 2013.

Across the business, patient and consumer safety is at the heart of everything we do. Keeping this concept in forefront medical team worked as the 'eyes and ears' of GSK and launched several medical initiatives to make sure that we get safety right first time, every time for patients and those using our products.

Additionally 'One Medical' model had been initiated which is really very important strategically as it demonstrates the recognition now in the Company of the strong value brought by the Medical team in developing and supporting GSK medicines for the benefit of patients. By providing grants and donations to different organisations a considerable number of activities had been supported and it had been ensured that all awards of grants and donations, in cash and in kind, are in line with our mission and values.

Awards & Recognitions

It gives me immense pleasure to share that this year your Company's Annual Report 2012 won the second prize in the prestigious 13th Institute of Chartered Accountants of Bangladesh (ICAB) Best presented Annual Reports under the manufacturing category. This is the 13th time GSK Bangladesh has been awarded for the best published Annual Report. South Asian Federation of Accountants- an apex body of SAARC also awarded the First Runner Up for the same report. This year again, The Institute of Cost and Management Accountants of Bangladesh (ICMAB) awarded your Company with the third prize in the 'ICMAB Best Corporate Award-2012' under the Pharmaceutical sector category.

Board

There is a change in the composition of the Board since the last report.

Mr. Duncan Learmouth, Chairman of the Board decided to leave GSK effective from 1st November 2013 to pursue other opportunities. I would like to thank Mr. Learmouth for his contribution on the progress of the Company in Bangladesh, especially his focus on strategic priorities during his tenure with the company.

I am pleased to report that your Board has appointed me as a member of the Board and Chairman of the Company with effect from 20th February 2014. Currently I am serving as Senior Vice President and Area Head for Africa & Developing Countries of GSK.

Your Board also elected Mr. Masud Khan as a Non-Executive Independent Director with effect from 23rd April 2013. He has also been appointed as a Chairman of the Audit committee with effect from 28th April 2013. Mr. Khan is currently working for Lafarge Surma Cement Bangladesh Limited as Finance Director and is well regarded as a solid professional in the industry.

Finance Minister hands over the ICAB award for the Best Presented Annual Report 2012 to Managing Director of GSK.

Business Outlook

Undoubtedly 2013 has been a year of turnaround performance and the company plans to further accelerate the pace. Optimism looms large as the political scenario has stabilised and the Company has kick started the year 2014 on a very positive note. We have great products, a very committed team and a buoyant market and this surely is good recipe for continued success.

We are committed to upholding the highest Standard of Ethics while carrying out of business activities and ensuring that 'consumer and patient safety' is always kept upper most in all our dealings. We are more confident than ever that GSK Bangladesh is well placed to deliver continued innovation and benefits to patients and consumers and sustained performance and returns to shareholders.

I conclude by expressing my thanks to all employees of GSK Bangladesh for the hard work they have put in during the last year. I am confident that the team will continue to excel in the future. I place on record my deep appreciation towards all the Business Partners, the Healthcare Professionals, Government Agencies and Suppliers for their trust and continued support. Finally, to all my fellow colleagues, my sincere gratitude for the passion and energy demonstrated throughout the year to make a difference.

Rodrigo Becker Chairman

Report of **Directors to the Shareholders**

M Azizul Huq, Managing Director

The Board of Directors of GlaxoSmithKline Bangladesh Limited has the pleasure in submitting the annual report together with the Company's audited accounts for the year ended 31st December 2013.

1. Financial Results

The Directors take pleasure in reporting the financial results of the Company for the year ended 31st December 2013.

Appropriation of Profit

Taka in '000

		iaka in 000
Particulars	2013	2012

brought forward from previous year	1,119,753	1,056,483
Add: Adjustment made on account of		
disposal of revalued assets		
Amount available for distribution	1,666,002	1,300,450
Appropriations:		
Dividend for the year anded		
Dividend for the year ended 31 December 2013 @ 300% (2012 :		
150%)	(361,395)	(180,697)
150 /0/	(501,553)	(100,037)
Transfer to retained earnings	1,304,607	1,119,753

2. Dividend

The Directors recommend a final dividend of 300.0% i.e. Tk. 30.00 per share of Tk. 10.00 each for the year 2013.

The recommended dividend if approved by the shareholders at the Annual General Meeting will involve a cash outflow of Tk. 361.40 million.

3. Management Discussion and Analysis

a. Industry outlook and possible future developments in the industry

See details in Chairman's Statement

b. Business Performance Details in Chairman's Statement

c. Risks and Concerns

The Company has a robust system of managing its business risk which has been described under Corporate Governance Chapter and in Notes-43 of the Financial Statements.

d. Financial Performance

Net sales of the Company for the year 2013 were Tk. 6,775 million against Tk. 5,554 million of last year, showing a net growth of 22% over last year.

Favourable import duty and stronger local currency among other things, contributed to significant improvements of gross profits in 2013 compared to last year.

Operating expenses grew by 30% which was as per investment plans and is in line with Sales and GP growth. Interest income of about Tk.120 million during the year resulted from healthy cash flows. Effective tax rate has come down to 30% from 40% of last year mainly from improved profit performance. All these factors contributed in achieving Profit for the year of Tk. 546.2 million which is 124% above last year.

e. Extra-Ordinary gain or loss There is no extra-ordinary gain or loss during the year

f. Related party transactionsPlease see Notes-33 of the Financial Statements

g. Utilisation of proceeds from public issues Not applicable

h. Explanation of financial results after IPO Not applicable

i. Significant Variance between Quarterly and Annual Financial Statements

There is no significant variance between Quarterly Financial Performance and Annual Financial Statements.

j. Remuneration to Directors

The remuneration, performance and related bonus of Executive Directors are reviewed and approved by the above Country Management.

The Executive Directors and some senior employees of the Company are entitled to Share Value Plan of GlaxoSmithKline plc,UK.

Independent and Non-Executive Directors other than Directors who are in the employment of the GlaxoSmithKline Group Companies are paid attendance fees of Tk. 5,000.00 per meeting as remuneration.

The details of the remuneration paid to the Executive Directors during the year are given in Notes-30 of the Financial Statements.

k. Financial Reporting Framework

- **i.** The financial statement prepared by the Management of the Company presents fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- **ii.** Proper books of accounts of the Company have been maintained.
- **iii.** Appropriate accounting policies have been consistently applied in preparation of the financial statements and that the accounting estimates are based on reasonable and prudent judgement.
- **iv.** International Financial Reporting Standards (IFRS), as applicable in Bangladesh have been followed in preparation of the financial statements.
- **v.** The Company maintains a sound internal control system which gives reasonable assurance against any material misstatement of loss. The internal control system is regularly reviewed by the Audit Committee in each meeting and by the Company Executive Committee on a quarterly basis.
- **vi.** There are no significant doubts upon the Company's ability to continue as a going concern.
- **vii.** Significant deviations from the last year's operating results of the Company have been highlighted under the above point-3(d)-Management Discussions and Analysis.

4. Contribution to National Exchequer

Every year the Company contributes a good amount to the national exchequer in the form of duties and taxes. During the year 2013 GlaxoSmithKline Bangladesh Limited contributed to the government exchequer a sum of Tk. 1,950 million (2012: Tk. 1,558 million).

5. Board of Directors Composition and size of the Board

On 31st December 2013, there were 6 members on the Board. The board comprises of Executive and Non-Executive Directors. The Non-Executive Directors bring independent judgement in the Board's deliberations and decisions. Four Directors, including the Managing Director, are Executive Directors. There are two Non-Executive Directors, out of which one is Independent Director.

Board meetings and attendance

During the year 2013 total 6 (six) meetings were held. The following table shows the composition of the Board and attendance at the Board meetings:

Name of Directors	Number of Meetings held whilst a Board Member	Meetings Attended	Remarks
Mr. Duncan Learmouth	6	1	Resigned from 30 th October 2013
Mr. M Azizul Huq	6	6	
Mr. Golam Quddus Chowdhury	2	2	Retired from 23 rd April 2013
Mr. Sarwar Azam Khan	6	6	
Mr. Masud Khan	4	4	Appointed from 23 rd April 2013
Mr. Md Fayekuzzaman	6	5	
Mr. Rajib Barua	6	6	
Mr. Pawan Sud	6	5	

The members who could not attend the meeting(s) were granted leave.

Details of Directors being appointed/re-appointed

As per the Articles, one-third of the Directors excluding the Managing Director should be retiring by rotation and if eligible, qualify for re-election.

The Directors retiring by rotation under Article 85 are Mr. Sarwar Azam Khan and Mr. Md. Fayekuzzaman, who being eligible, offered themselves for re-election.

Mr. Rodrigo Becker having been appointed to the board since the last Annual General Meeting under the provision of Article 89 also retires and being eligible, offers himself for re-election.

GSK Code of Practice for Promotion and Customer Interactions

Living our values-Our Code of Conduct

Report of Directors to the Shareholders

The brief resume of Mr. Rodrigo Becker is given below:

Mr. Rodrigo Becker, Senior Vice President and Area Head, Pharmaceuticals, Africa and Developing Countries of GSK plc (A new Africa/Developing Countries Pharmaceuticals operating unit, consisting of all countries across Sub-Saharan Africa and Least Developed Countries) is appointed as Chairman of the Company. Rodrigo, a German national, is an experienced professional with over 25 years of working experience in the management position in several countries, including Europe, Central and South America. He did his Bachelors in Economics from the University of Applied Sciences Mainz (FH Mainz), Germany.

Rodrigo joined GSK Spain in 1993 as the Marketing and Sales Director and worked in various increasingly senior positions which include General Manager Italy, SVP & Area Director Southern Europe and SVP & GM Spain. Rodrigo's unique international and commercial experience gained through managing businesses in a broad variety of market environments makes him ideally suited to deliver GSK's 2020 vision for this region.

The brief resume of the other Directors including retiring/reappointing Directors are given in page 41 & 42.

6. Performance of Corporate Responsibilities

Ethical, Social and Environmental commitment is one of the strongest foundations of our Company. Our corporate responsibilities comprise of all these commitments and thus they are embedded in all our business decisions all over the world. We in Bangladesh have taken up a good number of initiatives to fulfill our corporate responsibilities for a better and healthier community.

The key initiatives are:

Reinvestment of 20% of profits for Healthcare Infrastructure development in Bangladesh

Key projects include

- GSK-CARE Community Health Worker Initiative
- GSK-FRIENDSHIP m-Health project
- GSK-ICDDR,B Health System Strengthening Programme Details of these initiatives are provided in Page 36 & 37.

CLASS (Children Leukamia Assistance & Support Services) in Chittagong

The company continues to support this institution in Chittagong Medical College.

Free Primary school at Mirpur, Dhaka.

With GSK's continued support, this primary school for slum children in Roopnagar, Mirpur, Dhaka, now has more than 460 students studying for free from pre-school to Class 5. The first batch of 26 students graduated the Primary School Certificate exams this year with a 100% pass rate.

The Duke of Edinburgh's Awards (DEA)

GSK is one of the Founding Trustees of this international programme aimed at providing the new generation with life skills and opportunity to do different extracurricular activities. This year with the addition of the second batch of 79 Gold Awardees the total Gold Awardees' number has reached to 131. DEA Bangladesh now has more than 7,000 awardees from educational institutions in Dhaka and Chittagong.

Our support to different charitable projects through cash and medicine donations continued like previous years.

7. Environment, Health and Safety

GSK Bangladesh is committed to provide a healthy and risk-free environment for it's employees, service providers, visitors and customers etc.

To inculcate Behavioural Safety (known as GSK 'Living Safety' programme) into our day to day operations, Chittagong Site already completed Slips, Trips & Falls (STF) hazards awareness programme, initiated weekly line-side briefing on 'Stop for Safety' for shop-floor employees and continuing Zero Accident Promotion (ZAP) program to hunt near-misses by all site employees targeting 'Zero Harm' at workplace. As part of Global Manufacturing & Supply (GMS) EHS Blue chips initiatives, Chittagong Site is maintaining Zero Access & LOTO (Lock Out/Tag Out) system for the machinery to protect employees from injury during normal operation & interventions that could expose them to dangerous parts and hazardous energies. The outcome of all these initiatives ensured ZERO accident at the Site in 2013.

Chittagong Site also reduced the 'Process Safety' potential risks of fire & explosion. The controls for major accidental hazards due to fire & explosion included installation of compliant Dust Collector Units (DCUs) for Tablet manufacturing and Cephalosporin Block. Also, anti-static hosepipes were sourced from GSK approved suppliers for powder transfer. Construction of spillage bunding for diesel truck, installation of ingression protected (IP) rated site pump for unloading diesel and flame arrestor for diesel tank, etc were some of the additional measures taken.

As part of global GSK Environmental sustainability programme, Chittagong Site reduced 1% water consumption in 2013.

8. Code of conduct

GSK is committed to operating with integrity. The Board of Directors of the Company has adopted a Code of Conduct for the Directors. The Company also adopted The GSK Code of Conduct which applies to all GSK Staff and was circulated among the employees. All employees are required to abide by the ethical code of conduct in relation to business and regulations.

The Sales and Marketing employees are further subject to an Emerging Markets & Asia Pacific Promotion and Marketing Code which has become firmly established as the cornerstone of its Performance with Integrity value. GSK demands that it's sales and marketing employees not only follow the letter of the Code, but enthusiastically embrace its spirit with a firm policy of zero tolerance to deviations.

The Company has put in place a Whistle Blower Policy named 'Speak Up' pursuant to which employees are empowered to promptly raise concerns of possible misconduct, potential conflicts or known breaches with GSK Code of Conduct and company policies and procedures. A supplementary policy of 'Non-Retaliation' ensures that employees can raise such concerns without risking any kind of retaliation.

9. Auditors

The present auditors, Messrs. Hoda Vasi Chowdhury & Co., Chartered Accountants, retire and being eligible offers themselves for re-appointment. The Board recommended Messrs. Hoda Vasi Chowdhury & Co. as the auditor of the Company for the year 2014 for approval in the Annual General Meeting.

10. Corporate Governance Compliance Report

In accordance with the requirement of SEC Notification No.SEC/CMRRCD/2006-158/134/Admin/44 dated 07th August 2012, Corporate Governance Compliance Report is attached in the Annexure-I on page 14-16.

11. Key Operating and Financial Data

The summarized key operating and financial data for the five years is set out in the Annexure-II on page 17.

12. Shareholding Information:

The shareholding information as at 31 December 2013 and other related information are set out in the Annexure-III on pages 18.

13. Shareholders/Investors Grievance

During the year under review, the company received no complaints from the shareholders.

14. Acknowledgement

The political turmoil faced in 2013, especially in the second half of the year posed significant challenges for all businesses to keep operations running. It was no different for your company. Additionally, the company's business which involves extensive retailing and ability to deliver products to customers' doorsteps faced huge disruptions. Safety of our employees is our primary concern and therefore, all operations were subject to risk assessment and readiness of employees to keep the operations running.

The Board of Directors would like to express their deepest appreciation to all employees, especially the sales team members who exemplified the GSK spirit of putting the patient and consumer first. All of them worked tirelessly within the constraints to provide appropriate information and ensure product availability for patients, consumers and healthcare professionals who serve them.

As a result of this resilience, your company was able to record the excellent performance of 2013. Investment in key launches to secure the future continued.

As in previous years, the trust and confidence in your company from the healthcare professionals, patients, consumers and trade partners continued to inspire us. We are honour bound to continue to uphold this trust that we hold so dear to our heart.

The success of GSK in Bangladesh is linked to the support of all stakeholders including Creditors, Banks, Insurance Companies, Utility Providers, The Bangladesh Securities & Exchange Commission, The Dhaka Stock Exchange Limited, The Central Depository Bangladesh Limited, various Government authorities and other individuals and agencies. The Board would like to express its heartfelt thanks to all of them.

On behalf of the Board

M Azizul Huq Managing Director

19th March 2014

Report of Corporate Governance Compliance For the year ended 31 December 2013

Certificate on compliance of conditions of Corporate Governance Guidelines of Bangladesh Securities & Exchange Commission to the shareholders of GlaxoSmithKline Bangladesh Limited

We have examined the Statement of Compliance of Corporate Governance of GlaxoSmithKline Bangladesh Limited for the year ended 31 December 2013, as set by Bangladesh Securities and Exchange Commission (BSEC) by the notification # SEC/CMRRCD/2006-158/134/Admin/44 dated 7 August 2012 and subsequently amended through their notification # SEC/CMRRCD/2006-158/147/Admin/48 dated 21 July 2013 issued under section 2CC of the Securities and Exchange Ordinance, 1969.

The compliance of conditions of Corporate Governance Guidelines is the responsibility of the management. Our examination was limited to the procedures and implementation thereof, adopted by the company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Notification.

We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

Economic Value Added (EVA)

EVA provides a measurement of of a company's economic success over a period of time. It shows how well a company has added value for its investors and it can be compared against company's peers for an analysis of how well the company is operating well in its industry. Taka in '000

		laka III 000
Calculation of EVA	2013	2012
Net Operating Profit After Tax (NPAT)	604,604	354,147
Total Capital Employed	1,977,377	1,630,349
Cost of capital in %	13%	19%
Cost of capital (COC)	247,285	310,074
EVA = NPAT-COC	357,319	44,073

The positive number of EVA reveals that the Company is more than covered its cost of capital.

Profile of The Company

GlaxoSmithKline (GSK) is a science-led global healthcare company that researches and develops a broad range of innovative medicines, vaccines and consumer healthcare products. Our products are used by millions of people around the world, helping them to do more, feel better and live longer. With Headquarter in UK, GSK has a wide geographical reach which include 115 countries, with manufacturing network in 87 sites and more than 100,000 people working globally. We have three primary areas of business in pharmaceuticals, vaccines and consumer healthcare. As a research based company, we believe in creating innovative new products and making these accessible to as many people who need them.

As a part of a centuries old company, GSK Bangladesh a subsidiary of GSK plc started its operation in Bangladesh, the then East Pakistan in 1949. GSK Bangladesh's activities include secondary manufacture of pharmaceutical products and marketing of vaccines, pharmaceutical healthcare products, nutrition and oral healthcare products. Our activities in all three business areas are strictly guided by "GSK values" which include showing respect for people, being patient/customer focused and commitment to transparency and demonstration of highest integrity in our conduct. Embedded with these values and backed by leading edge technology, more than 700 personnnel are working all over the country with the global mission to improve the quality of human life by ensuring quality healthcare products. In the more than six decades since its inception the company has evolved from being an importer to manufacturer by establishing its own manufacturing unit in Chittagong in 1967. In line with the global mergers and acquisitions the company has gone through identity changes from Glaxo to GlaxoWellcome Bangladesh in 1995, following the acquisition of Burroughs Wellcome and finally in 2002 to GlaxoSmithKline Bangladesh Limited, following the mega merger with SmithKlineBeecham in 2000.

With 10 vaccine brands, GSK Bangladesh leads the market of the country not only in terms of volume but also in terms of providing a whole range of disease prevention for both infants and adults. The introduction of the revolutionary cervical cancer vaccines for women in 2009 in the country, brought a new hope of light for prevention of one of the deadliest disease of women. Our Rotaviral diarrheal Vaccine Rotarix™ and the recent entrant pneumococcal pneumonia vaccine Synflorix™ are effectively working towards preventing the two diseases which claims the most lives of infants in the country. Amongst others, the six in one Infanrix™ Hexa vaccine for the infants have further enriched our vaccine portfolio.

The recently launched product Revolade™ is the first of its category of drug in the pharmaceutical market of Bangladesh for treating chronic ITP (unknown cause of bleeding). Our oral breast cancer medicine Tykerb™ opened up yet another new arena in our Oncology segment augmented by recently launched VOTRIENT™ for renal cell carcinoma . Brands like Ventolin™, Seretide™, Zinnat™ & Cexime™ till today continue to rank among the leaders in the respiratory and anti-infectives therapeutic areas.

Our leadership position in dermatology was further strengthened in the past years with the acquisition of Stiefel Laboratories, the world's largest independent dermatology company. With the addition of the Stiefel portfolio of products and introduction of DUAC™ we are now a stronger and more competitive driving force in dermatology and provide an even stronger portfolio of prescription, consumer, and aesthetic skin health products to patients.

The consumer healthcare division now caters to the consumers with healthfood drinks, biscuits and oral healthcare product. To further cater to the needs of different consumer groups' extensions like Women's Horlicks, Horlicks Lite etc have been added to the old heritage brand of Horlicks™. Horlicks biscuits with different variants have recently been added to the portfolio along with Maltova™, Boost™ & Glaxose™ in Bangladesh. With the launch of Sensodyne™, we have stepped into the Oral healthcare category in the country.

GSK has made a global commitment to re-invest 20% of the profits we make in developing countries to address issues around providing healthcare services to the underserved communities. In line with the above, in Bangladesh, we have been investing about one million GBP per year since 2010 in a number of projects with in partnerships with CARE, icddr,b and Friendship.

Product Index

Therapeutic area	Trade name	Composition	Therapeutic Class	Indication
	Ceporex	Cephalexin	Oral cephalosporin	Common routine infection
	Cexime	Cefixime	Oral cephalosporin	Common routine infection
Anti-bacterial	Kefdrin	Cephradine	Oral cephalosporin	Common routine infection
	Zinnat	Cefuroxime axetil	Oral cephalosporin	Routine infection in Hospital and community
	Glaxipro	Ciprofloxacin	Oral tablet	Gastroenteritis, biliary tract infection, bone and joint infection,
				uncomplicated and complicated UTI, Gonorrhoea, Upper and Lower respiratory Tract infections
	Seretide	Salmeterol + Fluticasone	Bronchodilator / anti-inflammatory	Bronchial asthma
	Ventolin	Salbutamol	Bronchodilator	Bronchial asthma
	Beconase ANS	Beclomethasone dipropionate	Intra-nasal anti-inflammatory	Rhinitis
Respiratory	Flixonase ANS	Fluticasone propionate	Intra-nasal anti-inflammatory	Rhinitis
	Piriton	Chlorpheniramine maleate	Anti-histamine	Hay fever, vasomotor rhinitis, food allergy
	Ventolin Nebules	Salbutamol	Solution for Nebulization	Bronchial asthma
	Ventolin Respirator Solution	Salbutamol	Nebuliser solution	Bronchial asthma
	Ventolin Evohaler	Salbutamol (as sulphate) 100 mcg	Bronchodilator	Bronchial asthma
Cough & Cold preps	Acticol	Ambroxol hydrochloride	Cough expectorant	Acute respiratory tract diseases with impaired formation of secretions, particularly in acute exacerbations of chronic bronchitis, asthmatic bronchitis, bronchial asthma and bronchiectasis.
	Betnovate	Betamethasone valerate	Topical corticosteroids	Eczema, psoriasis, atopic dermatitis
	Betnovate N	Betamethasone valerate + Neomycin sulphate	Topical corticosteroids & combinations	Eczema, psoriasis, atopic dermatitis where secondary bacterial infection is present
	Betnovate CL	Betamethasone valerate + clotrimazole	Topical corticosteroids & combinations	Eczema, psoriasis, atopic dermatitis where secondary fungal infection is present
	Dermovate	Clobetasol propionate	Potent topical corticosteroids	Recaleitrant eczema, psoriasis, other skin conditions which do not respond satisfactorily to less active steriods
	Eumovate	Clobetasone butyrate	Topical corticosteroids	Atopic eczema, dermatitis
	Cutivate	Fluticasone propionate	Topical corticosteroids	Eczema, psoriasis, atopic dermatitis
Dermatology	Bactroban	Mupirocin	Topical antibiotic	Impetigo, folliculitis,furunclosis,ecthyma and secondary infected wound, burns, eczema
	Neobacrin	Neomycin + Zinc bacitracin	Topical antibiotic	Impetigo, sycosis barbae, secondary infected wound, burns
	Fluvin-OD	Fluconazole	Systemic antifungal	Broad spectrum antifungal (candidiasis & tineasis)
	Grisovin FP	Griseofulvin	Oral anti-fungal	Ringworm infections
	Tinatrim	Clotrimazole	Topical anti-fungal	Ringworm infections, pityriasis versicolor, erythrasma & intertrigo
	Dermovate Scalp Application	Clobetasol Propionate 0.05%	Topical corticosteroids	Steroid responsive dermatoses of scalp such as Psoriasis, recalcitrant eczema
	Lotrix	Permethrin 5% w/w	Ecto - parasites	Anti-scabies
Gastro-intestinal	Norain	Omeprazole	Anti-ulcerant	Peptic & Duodenal ulcer, gastritis
	Zantac	Ranitidine	Anti-ulcerant	Peptic & Duodenal ulcer, gastritis
Vitamins	Complavit	Vitamin B complex	Vitamin	Vitamin B deficiency
	Berin Dive	Thiamine HCI	Vitamin	Vitamin B1 D5 8 B13 deficiency
	Berin Plus	Thiamine Mononitrate, Pyridoxine Hydrochloride, Cyanocobalamin Crystals	Vitamin	Vitamin B1, B6 & B12 deficiency
	Caldivit	Calcium Carbonate 500mg and Vitamin D 200 I.U.	Vitamin and Mineral Supplements	Osteoporosis, osteomalacia, rickets, tetany and parathyroid disease
Analgesics	Parapyrol	Paracetamol	Analgesic and anti-pyretic	Headach, toothach,colds, influenzae
	Panadol Extra	Paracetamol BP 500mg	Non–narcotic Analgesics	Headache/ Toothache/ Migraine/ Dysmenorrhea/ Pain of
		Caffeine BP 65 mg		osteoarthritis/ Fever, Fever & pain after vaccination
Oral steroid	Betnelan	Betamethasone	Glucocorticosteroids	Asthma, severe allergic disturbance, rheumatoid arthritis
	Prednelan	Prednisolone	Glucocorticosteroids	Asthma, severe allergic disturbance, rheumatoid arthritis
Eye/Ear preps	Otosporin	Polymyxin+Neomycin+Hydroc ortisone	Anti-infective	Bacterial infections of Ear

Product Index

Therapeutic area	Trade name	Composition	Therapeutic Class	Indication
Anti-depressive	Amitriptyline	Amitriptyline HCl	Anti-depressant	For depressive illness where sedation is required
Laxative	Laxenna	Senna pod	Vegetable Laxative	Constipation
Special use prep	Kemadrin	Procyclidine HCl	Anti-parkinsonism	Parkinson's disease
	Tracrium	Atracurium besylate	Anaesthetic	Neuromuscular blocking agent

Horlicks Biscuits™

Extending the promise of Horlicks[™] as the great family nourisher to snacks. Available in regular biscuits and butter cookies variants. Every 75g pack contains Calcium equivalent to 2 glasses of milk.

Product Index Consumer Healthcare

Glaxose™

Glucose in Glaxose[™] (Glucose Powder, Dextrose Monohydrate 100%) provides consumers with Instant energy and helps them to recharge instantly. As a source of Instant energy, Glaxose can be consumed during/after sports, while recovering, during excessive heat, in iftar or even in Monsoon and winter seasons whenever there is need for instant energy.

BoostTM

Boost $^{\text{TM}}$ — one of the major Health Food Drink from GSK, is also the only Health Food Drink, in Bangladesh, to be scientifically proven to increase stamina by 3 times more*. It is enriched with ENVITA NUTRIENTS — a unique scientific combination of essential vitamins and minerals that significantly improve the levels of key nutrients, important for energy metabolism. That's why, over the years, Boost has been the choice of kids who wants to perform better in sports and other competition.

Sensodyne™

Sensodyne[™] is the World's Number 1 Sensitivity toothpaste that gives clinically proven relief and daily protection for sensitivity.

Information of **Products**

As more than centuries old R&D pharmaceutical and healthcare company GSK's product portfolio spreads across key therapy areas benefiting millions of lives across the globe. More than 1,300 prescriptions are written every minute for GSK products. Its product pipeline is also very healthy; providing great hope for human health & wellbeing in coming days. In Bangladesh, GSK has strong presence in some key therapeutic areas. With strong trust & support from doctors and consumers, these important product groups are also increasing in sales. A brief is given here.

Respiratory Portfolio

Asthma and Chronic Obstructive Pulmonary Disease (COPD) are the main two diseases against which GSK has a strong footing. Numbers of asthma patients are gradually increasing in our country but there is a huge unmet need of treatment available. GSK being the pioneer in asthma and COPD therapy holds a strong commitment to do more, feel better and live longer. Seretide[™] delivers asthma control and shows remarkable benefit in patient compliance. The revolutionary TORCH study on Seretide™ brings hope to the millions of COPD sufferers of the country. The launch of Ventolin™ Evohaler is another breakthrough to introduce non CFC treatment in our country. In allergy treatment GSK has long heritage. Beconase™ and Flixonase[™] nasal spray are a gold therapy for rhinitis. Avamys[™], the breakthrough innovation is thought as revolution in allergic rhinitis treatment and really makes a difference. Piriton is still considered the preferred choice in

antihistaminic market.

Antibiotics

For many years Antibiotics from GSK has held a very strong market share. We possess some research brands like Ceporex[™], Zinnat[™]. Its heritage and continual clinical changes have helped in overcoming the challenges thrown by the emergence of new diseases and the ingenuity of the micro organisms in evolving new mechanism. Addition of Cexime[™] is a milestone in GSK's antibiotic area and will serve a great number of patients. From the age old Ceporex[™] to the relatively new Zinnat[™], Zinacef[™] etc. brands of GSK antibiotics are prescribed by the doctors to save lives every day.

Oncology

GSK Oncology is dedicated to producing innovations in cancer that will make profound differences in the lives of patients. Through GSK's revolutionary "bench to beside" approach, we are transforming the way treatments are discovered and developed, resulting in one of the most robust pipelines in the oncology sector. Recently introduced anti-cancer medicine TykerbTM is a small molecule that is administered orally and significantly slows the progression of advanced breast cancer in patients whose disease had progressed following treatment with other cancer therapies. Recently launched RevoladeTM and VotrientTM are great achievements for GSK Bangladesh. Both drugs will fulfill the unmet need of suffering patients. RevoladeTM is the world's first only approved oral platelet generator. VotrientTM effectively slows down the progression of advanced renal cell carcinoma.

Vaccines

GSK is a firm believer of preventive medicines and as a result we offer vaccines for the life span of a human being-from birth to adult. GSK Bangladesh is a pioneer in raising awareness and supplying vaccines for vaccine preventable diseases in the country. We offer the most comprehensive vaccination solutions beginning from Hepatitis A & B, Typhoid, Chicken Pox, Measles, Mumps, Rubella, Meningitis, Pneumonia and others. Rotarix™ the Rota virus vaccine is breakthrough to serve millions of babies.

The newer vaccines Cervarix[™] is the 1st of its kind for 100% protection against pre-cancerous cervical lesions caused by HPV 16/18 for females aged 10 years and onwards and Infanrix[™] Hexa a six in one vaccine for the infants. Synflorix[™] the new addition in portfolio is a revolution for prevention of pneumonia which is the number one killer in children.

Dermatologicals

With the introduction of Stiefel-A GSK Company, our dermatological products now range from prescription, aesthetic to consumer healthcare dermatology products. Now, with the addition of Stiefel's robust product portfolio, skin health expertise, we are a stronger, more competitive, and an undeniable driving force in dermatology. It is expected that with global brands like Isotrex[™] ,Brevoxyl[™] and Acne Aid Bar[™] for acne treatment and Lacticare™, Oilatum™ for dry skin treatments, Stiefel's recent introduction of four new products in three core areas of Skin care has further enhanced the portfolio. The new products are Acne Aid Liquid Cleanser™ for acne and pimple prone skin, Physiogel Cream & Lotion™ for dry and sensitive skin and SpectraBAN 60™ Sun Block Cream for all types of skin. Duac®, once daily gel-a first-line choice for mild to moderate acne vulgaris.

Besides these therapeutic areas we continue to provide modern management for all types of eczema, psoriasis, bacterial and fungal infections as well as scabies with our international and local brands. Dermavate™, Betnovate™, Betnovate™, Eumovate™, Fluvin™, Grisovin™ are treated as the reliable solutions in derma care.

Details of Business Activities

Pharmaceuticals

In the backdrop of all the challenges in the country's turmoil faced in 2013, the pharmaceutical part of the business shone like a knight in shining armour. Not only by exceeding volume but also through achieving a new milestone in the GSK Bangladesh sales history. This achievement was possible through the hard work of the team and what was achieved by the company in the year 2013 can be termed as truly remarkable and is clearly a reflection of the team's ability to rise to challenges and deliver against all odds.

Revolade™ Launch Symposium

The Revolade™ launch symposium held on 7th September 2013 was attended by around 120 leading Hematologists, Oncologists & Hepatologists. Dr. Gregory Cheng from Macau University presented the key note paper on 'Chronic ITP: Role of Revolade™. Highly acclaimed Herpetologist Professor Mobin Khan spoke on the use of Revolade™ in Thrombocytopenia associated Chronic Hepatitis C infection.

It is noteworthy that Bangladesh happens to be the first Developing Country to launch Revolade $^{\text{TM}}$ as a treatment for low platelet counts (thrombocytopenia) in adult patients with Chronic Hepatitis C infection.

Eminent Physician Prof Dr. Mobin Khan speaking at the Revolade $^{\text{TM}}$ launch.

Votrient™ Launch

Votrient[™] was launched on 2nd November 2013 to leading Oncologists of the country by an expert speaker Mr. Rob Jones from Scotland, Reader in Medical Oncology at the University of Glasgow who discussed the management of metastatic renal cell carcinoma. Mr. Jones was ably supported by Local speaker Dr. Ferdous Shahriar Sayed, Medical oncology, United Hospital who shared his views on management of advanced soft tissue sarcoma.

The interest in the subject was evident by the fact that over 70 Oncologists and 40 Urologists participated in the launch proceedings at Ruposhi Bangla Hotel.

Undoubtedly 2013 has been a year of turnaround performance and the team plans to further accelerate the pace. A marketing workshop was organised in October 2013 with an objective to further align resources to opportunities and chalk out marketing plans for key brands. Inputs from the sales team were factored in and implementation plans drawn.

International Speaker speaking at the Votrient™ launch.

The skin testing booth at the PhysiogelTM Launch event.

Launch Symposium on HPV in 40th AGM & 22nd International Scientific Conference of OGSB

GSK Bangladesh is always committed to enrich the medical community with scientific updates. In 2013 GSK Bangladesh arranged a Satellite Symposium on Scientific Update on HPV at $40^{\rm th}$ AGM and $22^{\rm nd}$ International Scientific Conference of OGSB at Ruposhi Bangla Hotel .

Eminent speaker, Dr Krisnendu Gupta, President, The Bengal Obstetric & Gynecological Society (BOGS), 2013–2014 was the speaker and he quoted "The women are still dying because the society is yet to decide whether their lives are worth saving." He urged the gynae society to save valuable lives from cervical cancer by vaccination.

Satellite Symposiumon 'Immunisation of Preterm Infants'

Preterm babies are at an increased risk of invasive pneumococcal disease (IPD) particularly during their first 6 months of life. To give emphasis on immunisation of preterm infants, GSK Bangladesh organised a Satellite Symposium on 'Immunisation of Preterm Infants' during '1st joint international Congress & Scientific Session' of Bangladesh Neonatal Forum and Bangladesh Perinatal Society at Ruposhi Bangla Hotel.

Eminent speaker, Prof A. K. Datta, Professor of Pediatrics, School of Medical Sciences and Research, Sharda University was the speaker. GSK also set a commercial booth on pediatric vaccine to raise awareness among the pediatricians.

Celebration of International Midwifery Day

Nurses can play an important role to increase awareness against the vaccine preventable diseases. Being the world leader of vaccine, GSK conducted an educational programme for the nurses on 'Prevention of Cervical Cancer by Vaccination' on the occasion of International Midwifery Day held on 5th May 2013.

GSK Booth at the International Midwifery Day.

A commercial booth was also set to disseminate information regarding all life saving vaccine especially cervical cancer vaccine. Consequently, GSK also arranged similar educational programme for the nurses of Delta Medical College on 26th May 2013 & Bangladesh Institute of Health Sciences on 5th Jun 2013. GSK hope to conduct educational programs in all nursing institutes in near future to make nurses capable of fighting diseases with newer vaccines.

Awareness Programmes on Vaccine Preventable Diseases

Vaccines have the power not only to save but also to transform lives-giving children a chance to grow up healthy, go to school and improve life prospects. To give a vaccine preventable disease free life to everyone, GSK Bangladesh continuously conducts disease awareness sessions in schools and colleges. In 2013, we arranged awareness sessions on Hepatitis B and Cervical Cancer in Vigarunnisa Noon School (Dhanmondi Branch), Cambrian College, Lalmatia Mohila College, Central Girls School (Laksmibazar), Heed International School (Sadarghat) etc. The programmes are not limited to only Dhaka; similar programmes are also conducted in other districts including Abdul Kadir Molla City College (Narsingdi), Bibi Bazar High School (Comilla), Govt Girls School (Jessore), and Osman Ideal School (Sylhet). We are always looking for opportunities to raise awareness on the vaccine preventable diseases.

Vaccine team at a stall.

Achievers Trip

To celebrate the success of 2013 and reward 192 achievers a trip was organised at Bangkok in December 2013 and this has truly energised the team which is now ready to take on fresh challenges.

Managing Director speaking at the Annual Conference.

Annual Conference

To translate the strategies into action the annual conference for field staff for the year 2014 was organised on the 26th of December 2013. Aptly the theme chosen for the year has been "BIJOYER SATHE AGAMYR POTHE" to reflect this years' performance and highlight the need for consistency to be in a winning habit. The meeting gave the team an opportunity to reflect on the factors that helped achieve the turnaround performance for 2013 and also helped reaffirm the need to be brilliant on basics and reinforced team's unshakeable faith in our values of doing business with integrity, respect for people, transparency and patient focus!

Consumer Healthcare:

The Consumer Healthcare Unit of the Company has had a busy year with 3 new product launches; Women's Horlicks™, Sensodyne™ and Horlicks™ Biscuit. The new brands and the existing ones launched several campaigns and many innovative marketing strategies were taken to make the brands successful.

Glaxose™ launched campaign with Nasir Hossain

Glaxose[™] has signed in one of the promising all rounder cricketer Nasir Hossain as the brand ambassador in Bangladesh. In May 2013, Glaxose[™] launched a new communication featuring Nasir Hossain. The communication has been acclaimed by the consumers and helped the brand to grow as well.

Launch of Glaxose™ in BIB

To gain more consumer traction and also to gain more visibility at retail end, we have launched $Glaxose^{TM}$ large packs (200g & 400g) in BIB.

Cricket Star Nasir Hossain the brand ambassador for GlaxoseTM featruring in the new campaign.

Boost™ new claim

Boost[™] has come up with the new claim of 'Scientifically proven to increase stamina by 3 times higher' in 2013. This is the first time in Bangladesh; any health food beverage came up with such claim. The claim has been communicated to the consumers with all round communication featuring World's Number 1 all rounder cricketer Shakib Al Hasan.

The New Boost™ Launch Campaign with all rounder cricket star Shakib Al Hasan.

Launch of Sensodyne™ in Bangladesh

With a vision of becoming the leader in the specialist oral care segment, GSK Bangladesh launched the World's Number 1 sensitivity toothpaste, Sensodyne™ in April 2013. The grand launch of the brand took place in the presence of 900 dentists from across the country. This generated unprecedented PR coverage in 20 leading national dailies and 16 TV channels. The launch was supported by strong presence in media, flawless in store executions in leading superstores and high impact visibility through innovation in outdoor.

To provide a unique consumer experience for Sensodyne™, 'Chill Test' activations were conducted in leading shopping malls, offices and universities. To become a dominant brand in the specialist oral care segment, dentist engagement was essential. A dedicated expert market team was deployed to reach out to the leading dentists in the country.

In a segment that is currently valued at 3.1 million GBP, Sensodyne[™] has made a solid start in its journey of becoming the leading sensitivity toothpaste in Bangladesh.

Horlicks™ Biscuit: Entering into a new category

Leveraging the Horlicks equity, we have successfully entered the biscuits category, which is approximately Tk. 2000 crore. The launch took place in February 2013 and the brand has been successful in extending the Horlick's image as 'the great family nourisher'. GSK is the pioneer in introducing nutrition proposition to biscuits in Bangladesh. Currently there are 2 SKUs-one in the plain biscuit category and the other in the cookies category, which are the biggest categories for biscuits in Bangladesh. There are plans of entering other sub-categories in 2014.

Horlicks[™]: The 5th Most Loved Brand in Bangladesh In 2013 Horlicks[™] has been awarded 5th Most Loved Brand overall among brands in 30 categories like FMCG, Telcos, Banks, Real Estate, Education Institutions, Health Service Providers and many others at the Best Brand Award . The award by Bangladesh Brand Forum (BBF) this year, was done in collaboration with Millward Brown through a nationwide survey across Urban and Rural centres .

While we have started to invest in Horlicks[™] for about three years, it is for the first time, the initiatives of GSK Bangladesh CH team on the brand has received such a recognition from a well regarded External body.

The GSK Consumer team with the other winners of the Best Brand Award held at a local hotel.

Relaunch of Horlicks™ with New Claim

Horlicks[™] has been relaunched in June 2013 with a strong scientific claim of '5 Signs of Growth'. This new claim has taken the brand to the next level promising that Horlicks[™] improves 5 Signs of growth; More Bone Area, More Muscles, Better Concentration, Healthy Weight Gain, Healthier Blood. The claim is based on a clinical study conducted by National Institute of Nutrition Hydrabad (India). The campaign was built on the theme 'When out of sight Nutrition should not be compromised' with an objective of building the relevance. This new claim has been launched in an integrated approach with maximum visibility across touch points.

The first & only Health Food Drink for Women in Bangladesh-Launched

GSK Bangladesh has launched the first and only Health Food Drink for women health in Bangladesh. The launch was marked with exciting ATL and BTL activities. Through high impact visibility campaign-the launch became a buzz in the town. The product science has also gained credibility and trust amongst the KOL fraternity. The most important landmark in gaining HCP and creating Word of Mouth was hosting of the Women's Leadership Summit during the launch; which marked this brand clearly as the partner for women in ensuring her health.

Eminent women personalities of the country speaking at the Women's Horlicks Launch.

Junior Horlicks[™]-New Formulation, New Science

The second largest Health Food Drink brand in the country Junior Horlicks™ has been relaunched in 2013 May with a new formulation which includes DHA (Docohexanoic Acid). DHA with other vital micronutrients is known to help Brain development and function. Through the launch the brand has been able to gain more acceptance amongst the Shoppers, Consumers and Traders.

Speaker at the Junior Horlicks New Formulation Launch event.

Manufacturing

Like every year, the Chittagong Manufacturing Site (GMS) had an active year. Besides the routine work and quality management of production Chittagong GMS took other initiatives to help them further strengthen the GMS operations. Glimpses from some of the initiatives are given below.

Face to face: Your questions. Roger's answers.

A new Q&A video session was introduced by GMS President Roger Connor from January 2013. Roger talks about his vision on GSK's supply chain and answers the questions asked by GMS Employee. GMS Chittagong employees also participated in this programme and it was featured in June 2013 video; Roger shared his experience on GSK Production System and how it is benefiting different GSK Sites.

GMS President Roger Connor answered questions on video session with Chittagong GMS employees.

Fire Drill Training at GMS Chittagong

GMS Chittagong employees attended a special training on fire fighting management on 26th May 2013. The training covered fire drill, general topics on fire and on how to use fire extinguishers. Inspector, Fire Departement Bangladesh was the resource person and therefore, employees learnt a lot from the expert.

Fire Drill at the GMS.

Andrew's Global Broadcast

Andrew Witty, Global CEO of GSK plc, for the first time delivered a global employee broadcast. The broadcast delivered was a pre-recorded message from the Stevenage R&D site in the UK. GSK Sites and Offices around the world delivered this broadcast at 9 am on 1st October 2013. GMS Chittagong Site organised a special gathering at Site Training Room and employees viewed Andrew's update on different GSK initiatives.

GMS Employees at the Andrew Wiity's Global Video Broadcast session.

Laundry Machine

GMS Chittagong installed a new laundry facility to ensure in-house and compliant laundry services at Site. A new automatic laundry machine is commissioned to support laundry services required for day to day operation.

Glaxose[™] Manufacturing Facility Upgradation

Significant investment was done in Glaxose[™] manufacturing facility with new equipments and automations. The new facility will cover both the speed of delivery and introduction of new variants to support the business.

World AIDS Day

As a part of special day observation programme, World AIDS day was observed at Site on 1st December 2013. The aim was to increase the awareness. The occupational health physician briefed all the employees about HIV/AIDS and ways to prevent this deadly disease.

GMS Chittagong Family Day Programme

2013 Family day programme was held at West Point, Naval Academy, Patenga, Chittagong. All the family members of employees enjoyed the day. The whole day was full of fun, music and other enjoyable programmes. It was great to see all the employees and their family members in one frame 'THE GSK FAMILY' and GMS Chittagong plans to continue this type of employee engagement programme in future.

GlaxoSmithKline People

Human Resources department continued to support business with recruiting right talents, building capabilities through training and rolling out of HR initiatives. Family Picnic was arranged like every year to release monotony and strengthen bonds amongst all the GSK family members. 'Long Service Awards' were also given to a good number of employees which is a reflection of employees' long retention and association in the Company.

Sports activities for the children at the GSK Picnic.

Business Activity Details

Medical Affairs

Medical plays a very important role in GSK's overall business and in whatever role we work in, patient and consumer safety is our main focus. To ensure the safety of patients who use our products Medical has taken many initiatives including strengthening the Adverse Event Reporting system. ZINC, the new global approval process of promotional material was launched by the Medical Affairs Department. All the personnel of different cross functional unit who are ZINC users has been trained on the entire process and support has been provided to facilitate their access in the system. The Medical team continued to support and engage in all new launches and have organised and facilitated a number of local and international scientific seminars.

Finance:

A Business Partnering Meeting amongst the Finance Team of Bangladesh and Finance Team of Myanmar was held in Yangon, Myanmar.

GSK Bangladesh Team in Yangon at the Business Partnering Meeting.

The Team received the 13th ICAB award for the Best presented Annual Reports at a local hotel.

GSK Finance Team celebrated winning the 2nd prize in the 13th ICAB Best presented Annual Reports in Thailand.

Compliance

On 14th-15th September 2013, a 2-day long off-site Risk Management Workshop was held at Savar BCDM. The workshop was attended by the entire Bangladesh Management team including Managing Director M Azizul Huq, Finance Director, Commercial Director, Director HR and Head of Medical and all functional managers of Pharma. The primary purpose of the workshop was to assist Business Partners and management to build institutional capacity for Risk Management within existing framework, to support in the development of analysing risk exposure and determining how best to mitigate such risks, to deliver techniques to identify, assess and prioritize risks while capturing respective functions risks in to the Risk Register.

The participants of the off-site Risk Management Workshop at the Savar BCDM.

Corporate Social Responsibility

Health is the core dimension for GSK. Bangladesh has had some exemplary successes in the healthcare sector. In recent years life expectancy has increased, maternal and infant mortality rate have fallen, immunisation rates are higher and the country is on the verge of eradicating polio. However, the overall quality of healthcare is still low and the ability of the general population to access services is inadequate, inhibiting the economic development of the country. Persistent health concerns hit the poor particularly hard, absorbing their limited resources, reducing their productivity and compromising their ability to live a healthy life. One of the identified reason for the overall inadequate and poor health scenario situation in Bangladesh and other Least Developed Countries (LDC) is the shortage of skilled health workers at the community level.

The 1st batch of 56 GSK CARE PCSBs.

To address this issue and facilitate access to healthcare along with creating access to medicines, GSK has taken an initiative to reinvest 20% of the profits made in each of the local operating company (LOCs) in the LDCs back to healthcare projects of those countries . Based on which GSK Bangladesh is reinvesting 20% of its profits to building capacity of the Community Health Workers (CHWs) at the hard to reach areas of the country.

'GSK-CARE Public-Private Partnership initiatives to address health work force issues at remote areas'

PCSB providing service at the community.

Pre-amble:

In 2011, GSK Bangladesh commenced a two phased project to train Community Health Workers (CHW). The first phase known as the Early investment Project (EIP) was completed in December 2012 with some remarkable milestones at the project areas of Mirpur slums and 6 unions of Dawrabazar, Sunamganj. The project trained and introduced 123 CHWs to new skills such as Antenatal and Postnatal care, Essential Newborn Care and Family Planning counseling, provided refresher training to further 26 Community Health Workers, trained and mobilised 800 Community Health Volunteers, established a total of 79 Community Support System groups amongst other milestones.

The Multi-Year Project:

In January 2013, the second phase which is the multi-year (2013-2015) project was implemented with the goal to improve access to essential Maternal Neonatal and Child Health (MNCH) services in Sunamganj Haor areas through expanding the availability of skilled health service providers at the community level. The objective of the project is also to work along with the Government of Bangladesh and help to meet the target in increasing deliveries with Skilled Birth Attendants from 26.5% to 50% by the year 2015. This project adopted a public private partnership approach, jointly working with Ministry of Health and Family Welfare (MOHFW), UNICEF, UNFPA, Local Government, local NGOs, communities and others with complementary programmes.

The project focuses on competency based training of Private Community Based Skilled Birth Attendants (P-CSBA) in three phases with full logistical support from Government of Bangladesh (GoB).

The initiative targets to ensure consistent, high quality and sustainable MNCH services to a population of 1.4 million people in a very remote area through a public-private partnership by mobilising 2,000 community health volunteers, 700 local government members, 470 public & private health providers and the development of 150 P-CSBAs. Till December the first group of 56 GSK-CARE P-CSBAs have completed their training and have started their work at the communities.

The first delivery done by a PCSB at the community; the Proud parents with their newborn.

Corporate Social Responsibility

GSK-Friendship M-Health Project

The GSK Friendship M-Health Project is a 5 year partnership between GSK and a local NGO called Friendship. Through this project we are equipping and upgrading to build a sustainable healthcare system in the inaccessible chars (almost 600 with 6 million people) in the Gaibandha District, where the access to any basic healthcare is almost non-existent. The project aims to train (over a period of 5 years) 500 Community Medics (FCM) to collect health information, deliver door-to-door health services and dispense basic medicine using the customised mobile phones built with specialised algorithm.

The FCMs receiving training followed by practical demonstration of using the algorithm of the mobile phones.

Till now 100 FCMs were selected on some set criterions and trained by doctors and paramedics. The FCMs were successfully introduced into the community once the training was completed. They were well received by the community as they were members themselves. Due to community acceptance and confidence, FCMs were better able to communicate with the community and successfully established themselves as a primary healthcare provider and a dispenser of basic medication. Since the introduction, the FCMs have interacted with the community through group meetings, household visits and satellite clinics to improve health status and knowledge at the chars.

Each char has up to 3 FCMs depending on the number of household of the char, with each FCM covering 250-300 households.

'GSK icddr,b health system strengthening programme'

One of the underlying causes of poor healthcare in Bangladesh is lack of knowledge and also implementation of clinical governance in the hospitals. To address this issue under the 20% profit re-investment initiative GSK is partnering with icddr,b in capacity building on clinical governance at 3 selected hospitals.

In the 1st year of this 2 year project, the training and implementation initiative was done in Community Based Medical College Hospital (CBMCH,B) in Mymensingh. Through the project one of the major finding which surfaced was that a group of people do have access to healthcare services but the quality of services raised serious concerns especially in infection prevention and risk management.

icddr,b conducting training to the physicians (above) and the cleaning staff (below) at CBMCH,B on Medical Governance

The project have offered training to 300 healthcare professionals and support service staff (120 physicians, 96 nurses and 84 support service staff) at the CBMCH,B to improve clinical effectiveness and implement standardised practices. The training has seen significant improvement in areas which include proper hand hygiene, safe handling and disposal of sharps and waste materials, aseptic precautions and many other areas. This summarises the accomplishment of the project till now in key areas including infection prevention and risk management.

Waste Disposal System (left) and use of PPE (gloves & gumboots) by Cleaning Staff for transportation of wastes (right) has been implemented at the CBMCH,B.

Report Of Corporate Governance

Company's Philosophy of Governance

The Company's philosophy of Corporate Governance is aimed at assisting the management of the Company in the efficient conduct of its business and in meeting its obligation to the stakeholders, and is guided by a strong emphasis of transparency, accountability and integrity. For several years, the Company has adopted a codified Corporate Governance Charter, which is in line with the best practice, as well as meets the relevant legal and regulatory requirements. All employees are bound by a code of conduct that sets forth the Company's policies on all important issues.

Corporate Governance Charter

The Board of Directors has adopted a Corporate Governance Charter which has been complied with throughout the year.

The purpose of this charter is to codify the Company's system of corporate governance so as to assist the top management of the Company in the efficient conduct of its business and in meeting its obligations to the shareholders.

The Charter specifics

- The relationship with other Group Companies
- The role of the Board of Directors
- Responsibilities of the Managing Director
- Responsibilities of the Finance Director
- Responsibilities of the Company Secretary
- Important matters requiring the prior approval of the GlaxoSmithKline plc board or its committees
- Matters requiring prior approval of group central functions
- Important matters requiring approval of the Company's Board
- Control of expenditure
- Professional advisor

The Board

The Board consists of a non-executive Chairman, four executive directors and two non-executive directors. There is a clear division of responsibilities between the Chairman's functions and that of Managing Director. The Chairman is mainly responsible for chairing the Board Meeting as well as the Annual General Meeting. On the other hand, the Managing Director is responsible for implementing and coordinating the company's corporate and commercial programmes to achieve its business objectives. All directors have full and timely access to all relevant information and independent professional advice.

Role of the Board

The Board is responsible for the strategic direction, policies and overall management of the Company. It ensures that the Company's policies and activities conform to Mission, Key goals, Core values. Code of Conduct, Key strategies Policies and Practices asset out in the statements of policies, safeguarding the assets of the Company and establishing an adequate as well as effective system of internal control.

The Board has authorized the formation of a number of committees in order to implement the stated policies and activities. The committees are: The Committee of Directors, Pension Fund Trustees; Provident Fund Trustees; and Company Executive Committee.

Frequency of Meetings

The board meets at least once a quarter. The number of meetings that were held during the financial year ended 31st December, 2013 was 6.

Management and Conduct

The Board supports good Corporate Governance based on generally accepted framework. Compliance with statues governing the industry is of great importance to maintain the reputation of the Company. Key staff have been appointed and given specific responsibility to ensure compliance.

Independence in decision without conflict of interest is considered important in discharging stewardship function of the Board of Directors. The company therefore follows a stringent policy which prohibits any financial accommodation to directors. Also the directors are required to make a declaration of their interest in any contract with the Company. These measures ensure that any conflict of interest does not arise.

Audit Committee

The Audit Committee reviews the financial and internal reporting process, the system of internal controls, the management of risks, and the external and internal audit process. The committee also proposes to shareholders the appointment of the external auditors and is directly responsible for their remuneration and oversight of their work. The majority of the members of the audit committee are non-executive directors of the Company, headed by a non-executive independent director.

Internal Control Framework

The management recognizes its responsibility to present a balanced and understandable assessment of the company's position and prospect. The management has accountability for reviewing and approving the effectiveness of internal controls operated by the Company, including financial, operational and compliance controls and risk management. While the management has responsibilities for implementing various local and corporate policies and procedures, it perceives duties to ensure due compliance with those policies and procedures.

Finally, the entire control system is subject to review by the Global Internal Audit of GSK on need basis, the report of which is reviewed by the Audit Committee of GSK plc.

Risk Management

The Company perceives business risks both at local and global perspective. In recognizing risk both at local and global perspectives. In recognizing risk factors, as a world leading Company, iris always guided by the sophisticated risk management tools. The Company focuses its potential risk from many corners, like Legal and Compliance matters, Environmental issues and more emphatically, the Quality issues.

In performing the risk management activities the company has a complete and documented policy. In the policy three watchdogs have been identified to oversee the compliance matters. These are

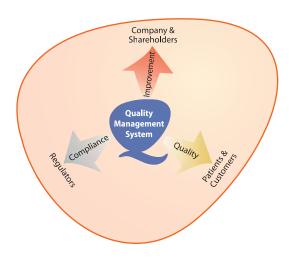

- i) Internal Audit
- ii) EHS
- iii) Quality Assurance

Every year a thorough review is conducted focusing on to the risks indicators and Risk Map is prepared. This Risk Map is a subject of review by the above country legal leaders of the Company, and therefore it is sent to them for their review as well.

Commercial Quality Council

In line with our commitment to quality in both products and services, we have set up a Quality Council that works for a very prompt response to the complaints as regards quality of GSK products. Although we have a robust quality council at manufacturing site, this is an added effort to make the best use of the Company commitment towards the patients in particular and the nation at large.

A set of quality guidelines and policies that made this Company one of the global leaders, also guides us in ensuring quality at every sphere of our business.

Corporate Responsibility Principles

The mission of our business is to improve the quality of human life by enabling people to do more, feel better and live longer-focuses on the needs of patients. We will achieve this mission through our products and activities, while enhancing the contribution we make to society, sustaining economic performance and operating in an environmentally responsible manner.

1.Employment practices

We will treat our employees with respect and dignity, encourage diversity and ensure fair treatment through all phases of employment. We, as part of GSK plc, will provide a safe and healthy working environment, support employees to perform to their full potential and to take responsibility for the performance and reputation of the business.

2.Human rights

We are committed to upholding the UN Universal Declaration of Human rights, the OECD guidelines for MNEs and the core labor standards set out by the International Labour Organisation of our suppliers, contractors and business. We expect the same standards from partners working on GSK's behalf.

3.Access to medicines

We will continue to research and develop medicines to treat diseases of the developing world. We will find sustainable ways to improve access to medicines for disadvantaged people, and will seek partnerships to support this activity.

4.Leadership and advocacy

We will establish our own challenging standards in corporate responsibility, appropriate to the complexities and specific needs of our business, building on external guidelines and experience. We will share best practice and seek to influence others, while remaining competitive in order to sustain our business.

5. Community investment

We will make positive contribution to the communities in which we operate, and will invest in health and education programmes and partnerships that aim to bring sustainable improvements to under-served people in the developed and developing world.

6. Engagement with Stakeholders

We want to understand the concerns of those with an interest in corporate responsibility issues we will engage with a range of stakeholders and will communicate openly about how we are addressing CR issues, in ways that aim to meet the needs of different groups while allowing us to pursue legitimate business goals.

7. Standards of ethical conduct

We expect employees to meet high ethical standards in all aspects of our business, by conducting our activities with honesty and integrity, adhering to our CR principles, and complying with applicable laws and regulations.

8. Research and innovation

In undertaking our research and innovation:

- We may explore and apply new technologies.
- We will constructively engage stakeholders on any concerns that may arise.
- We will ensure that our products are subject to rigorous scientific evaluation and testing for safety, effectiveness and quality.
- We will comply with or exceed all regulations and legal standards applicable to the research and development of our products.

9. Products and customers

We will promote our products in line with high ethical, medical and scientific standards and will comply with all applicable laws and regulations.

10. Caring for the environment

We will operate in an environmentally responsible manner through systematic management of our environmental impacts, measurement of our performance and setting challenging performance targets. To minimise waste generation and use of material and energy, we will improve our efficiency of activities. We aim to find opportunities to use renewable materials and to recycle our waste.

Internal Audit

GSK's internal audit department has responsibility for independently assessing the adequacy and effectiveness of the management over significant risk areas. The head of Internal Audit Reports to FD and has direct access to the Audit Committee.

Salient features of Audit Committee charter Overall purpose/objectives

The Company should have an Audit Committee as a sub-committee of the Board of Directors. The aims of the establishment of an Audit Committee should be to create efficiency in the operations and to add value to the organisation.

The Audit Committee is appointed by the Board of Directors to assist the Board in discharging its oversight responsibilities by reviewing:

- The financial reporting process to ensure the balance, transparency and integrity of published financial information.
- The effectiveness of the company's internal financial control and risk management system, the effectiveness of the internal audit function,
- The independent audit process including recommending the appointment and assessing the performance of the external auditor.

Membership

- The Board of Directors will nominate the audit committee members and the chairman of the audit committee who must be a non-executive independent director.
- The Audit Committee will comprise of at least three members and the majority of members shall be non-executive Directors of the Company.
- A quorum of any meeting will be two members.
- The Company Secretary will act as the secretary of the Audit Committee.

Meetings

Only committee members are entitled to attend meetings. The Audit Committee may invite such other persons, the CEO, CFO, Head of Internal Audit (on invitation) and external audit engagement partner (on invitation) to its meetings, as it deems necessary. One meeting shall be held at least two times a year and should correspond with the Company's financial reporting cycle.

Roles and responsibilities of internal control

Evaluate the overall effectiveness of the internal control and risk management frameworks and consider whether recommendations made by the internal and external auditors have been implemented by the Management.

Financial reporting

- Review significant accounting and reporting issues and, including recent professional and regulatory pronouncements, and understand their impact on financial reports
- Oversee the periodic financial reporting process implemented by Management and review the interim financial statements, annual financial statements and preliminary announcements prior to their release

Compliance with laws and regulations

Review the effectiveness of the system for monitoring compliance with laws and regulations and the results of management's investigation and follow-up (including disciplinary action) of any fraudulent acts or non-compliance.

Working with auditors

External audit

• Ensure that significant findings and recommendations made by the external auditors and Management's proposed response are received, discussed and appropriately acted on.

- Discuss with the external auditor the appropriateness of the accounting policies applied in the Company's financial reports and whether they are considered as aggressive, balanced or conservative.
- Consider the independence of the external auditor and any potential conflicts of interest. Review on an annual basis the performance of the external auditors and make appointment, re-appointment or termination of the appointment of the external auditors.

Internal audit

Review the activities, resources and organisational structure of the internal audit function and ensure no unjustified restrictions or limitations are made.

Participate in the appointment, promotion or dismissal of the internal audit head and discuss with the external auditor the standard of work of internal audit staff.

Review the effectiveness of the internal audit function and ensure that it has appropriate standing within the company.

Review of the committee charter

Review the audit committee charter annually and discuss any required changes with the Board.

Ensure that the charter is approved or re-approved by the Board.

Report of Audit Committee

For the year ended 31 December 2013

The Audit Committee, appointed by and responsible to the Board of Directors, comprises three members; two of them are Non-Executive Directors. The Committee is chaired by an Independent Non-Executive Director and is supported by the Company Secretary, who attends the Committee's meetings as the Secretary of the Committee. The Company Secretary also acts as the Corporate Compliance Officer of the Company. Meetings of the Committee are attended by the Finance Director, Head of Internal Audit and the External Auditors on invitation.

The terms of reference of the Audit Committee has been determined by the Board in accordance with the Audit Committee Charter.

Role of the Committee

The Audit Committee's role flows directly from the Board's oversight function and it is authorised by the Board to investigate any activity within its terms of reference. The Committee reports regularly to the Board on the performance of the activities it has been assigned. The Committee's main responsibilities include:

- Reviewing the form and content and monitoring the integrity of the company's financial statements.
- Monitoring and reviewing the arrangements for ensuring the objectivity and effectiveness of the external and internal audit functions.
- Recommending to the Board the appointment, reappointment or removal of the external auditors.
- Reviewing the adequacy and effectiveness of the company's internal controls and risk management system.
- Reviewing and monitoring the company's ethical standards, procedures for ensuring compliance with regulatory and financial reporting requirements and its relationship with the relevant regulatory authorities.
- Performing other activities related to this charter as requested by the board of directors.

Meetings and Attendance

During the year under review, the Committee met four times. The attendance of the members at these meetings is as under:

Existing Directors	Category	Number of meetings held whilst a Committee member	Meetings attended
Mr. Masud Khan (appointed w.e.f. 28 April 2013)	Independent Non-Executive Director (Chairman)	2	2
Mr. Golam Quddus Chowdhury (retired on 23 April 2013)	Independent Non-Executive Director (Chairman)	2	2
Mr. M Azizul Huq	Managing Director	4	4
Mr. Md. Fayekuzzaman	Non-Executive Director	4	4

Mr. Sarwar Azam Khan, Finance Director & Company Secretary, attended all the meetings to act as the Secretary of the Audit Committee, prepared all minutes and documents for circulation and was responsible to provide feedback on effective implementation of action plans arising from the meeting. Other invitees to the meetings are the External Auditors and Manager, Internal Audit who have attended three meetings of the year.

Activities carried out during the year

In accordance with the 'Audit Committee Charter', the Audit Committee worked and evaluated items that were raised for consideration as well as discussed issues related to key events of annual financial reporting cycle:

- The External Auditors reported to the Committee on all critical accounting policies, significant judgment and practices used by the company. The Committee reviewed their findings of observation and the management's response thereto and is satisfied that the external auditors remain independent.
- The committee also reviewed the scope of the services to be provided by the external auditors and did not approve any non-audit services to the external auditors.
- The Finance Director reported on the financial performance of the company and on financial and accounting matters.
- The committee reviewed the effectiveness of the internal financial controls and the procedures, financial statements and external audit report.
- The committee also discussed on the status of Risk Management Process and the Company's business continuation preparation.
- Furthermore, the committee dealt with the annual audit plan 2014 of Internal Audit Department.

The committee is of the opinion that adequate controls, procedures and risk management are in place to provide reasonable assurance that the company's assets are safeguarded and that the financial position of the company is adequately managed.

On behalf of the Audit Committee

Masud Khan Chairman Audit Committee

Dhaka, February 20, 2014

Responsible Business and Sustainability Development

By working in partnership with others, by challenging the way things are and by being prepared to change the way we do business, we aim to find innovative solutions that create value for society as well as our shareholders and allow us to be a successful, sustainable business. To grow our business in a sustainable and responsible way, we focus on the following areas:

Health for all

We are working to make our products available and affordable to as many of the people who need them as possible, irrespective of where they live or their ability to pay. We aim to do this while generating a return, as we need to be able to sustain our business and invest in research for new products.

In continuation of our global agenda, GSK is making a significant contribution to the Bangladesh healthcare in terms of access through a number of areas, which includes:

- Tiered pricing policy for vaccines and medicines in Bangladesh, capped at maximum 25% price for the same product in central European countries.
- Reinvesting 20% of our profits in operating countries, within the LDC group, into building healthcare infrastructure & capacity building for local caregivers.

Diversity at GSK

We focus on creating an inclusive, engaging environment that empowers employees to continually contribute to the organization and enables us to achieve our strategic business objectives. An inclusive environment brings different knowledge, perspectives, experiences and working styles that enhance creativity and innovation. We aim to attract a diverse workforce that reflects the communities in which we operate.

A healthy, high performing workforce with zero harm

Our employee health and safety initiatives focus on the factors that enable employees to perform at the highest level by sustaining energy and engagement and drive towards zero harm in the workplace.

The initiatives range from options such as immunisations, smoking control, weight management and process safety to cutting-edge programmes for team and personal resilience, ergo economics, driver safety and Energy for Performance.

Our work with communities

Through our investment in communities, we aim to improve health education and to increase access to medicines and healthcare services, targeting our support where it is needed most.

Our approach includes funding innovative programmes that improve health through community engagement and behavioral change, donating medicines and expertise.

The programmes we support are designed to have long-term, sustainable impact. We also encourage employees to get involved through volunteering initiatives for community service such as the Orange Day programme and the longer—term PULSE scheme.

Ethical conduct

We have a zero tolerance approach to bribery and corruption, set out in our Preventing Corrupt Practices policy. Our Code of Conduct sets out fundamental standards for all employees. We established an Anti-Bribery and Corruption (ABAC) Expert Forum and recruited a dedicated resources for Risk and Compliance Management to monitor the whole process and ensuring the ABAC is in place.

Our planet

As a part of global strategy, we are following the environmental sustainability strategy focusing on carbon, water, waste and environmental stewardship, not just for our own operations but also across our full value chain, from raw materials to product disposal. By 2050, we aim to be carbon neutral across our entire supply chain.

Report on Human Resources

GlaxoSmithKline (GSK) Bangladesh employs more than 700 people directly. GSK has been present in this country for more than 60 years and we are one of the key employers in both Pharmaceuticals and FMCG sector. We are driven by the passion to help people to do more, feel better and live longer.

Talent

Improve the quality, depth and breadth of talent across the world

Capability

Build the enterprisewide capabilities needed to support the business agenda Our performance and development planning process means employees have business-aligned objectives and behavioural goals. Reward systems are focused on promoting high performance and helping to attract and retain the best people. Performance-based pay, bonuses and share-based equity plans align employee interests with business targets.

As our business evolves, there will be changes that affect employees. We remain committed to consulting these changes via a number of internal consultation forums.

People productivity

GSK continues to maintain a very satisfactory position in terms of people productivity. This is confirmed by the following indicators:

Performance & Sustainability

Enable sustained performance through an aligned, engaged, healthy organisation

Reputation

Build trust within and outside GSK to protect our reputation

	2013	2012
Total Employees	714	680
Net income per employee (Tk.'000))	765	359
Cost per employee (Tk.'000)	795	622
Operating revenue per employee (Tk.'000)	9 489	8 167

Recruiting, developing and engaging employees

We want GSK to be an employer of choice and we are investing significantly in our talent development at every level. Recruiting, developing and engaging employees are critical to meeting and sustaining our business objectives and overall performance. Our assessment processes are aligned to a core set of competencies, of which ethics and integrity are central.

Our employment policies are against any type of discrimination including race, colour, gender and ethnicity and we are committed to an environment that never tolerates any kind of harassment.

We take a global view of talent and strategic capabilities, looking at the quality, depth and breadth of our talent across the world. We strive to have good succession plans in place for critical positions across the organisation. We have productive initiatives in place to recruit specialist and leadership talent, and we maintain a robust leadership strategy to identify and develop our highly skilled leadership group. We offer all employees a range of learning opportunities and tailored development programmes.

Staff Strength	2013	2012
Executive Director	4	4
Senior Level Management	15	14
Mid Level Management	101	88
Junior Level Management	390	380
Non-Management Staff and others	204	194
Total	714	680

HR also plays a key role in human sustainability, working closely with the Environment, Health and Safety group to support employees in a range of ways, from coaching individuals, occupational health and other well-being services to cutting edge programmes.

Going Green: GMS Chittagong, Bangladesh

GSK's green initiative are driven throughout our organisations, ensuring long-term approach, where these issues become a natural part of our works. The Company ensures ongoing compliance with both corporate requirements and relevant local regulatory requirements.

GSK Chittagong Site commissioned an Effluent Treatment Plant (ETP) in March. It is a biological plant that continuously operates on 24x7x360 basis. The ETP ensures that all liquid wastes disposed-off from the Site from different operations are treated and only the treated water of acceptable quality is being released to the local estuary ensuring environmental compliance.

Effluent Treatment Plant (ETP) at GSK Chittagong Site.

GSK Chittagong Site installed a fixed hearth incinerator with high temperature combustion facilities to ensure total combustion of the pharmaceuticals solid wastes. It has dual chambers with eductor system to control air. The gases, including hydrocarbons passes from the primary chamber to the secondary chamber and they mix with adequate air. These gases are then completely burnt at 10000° C in the secondary combustion chamber to ensure total combustion. The total combustion ensures no release of toxic gases to the atmosphere.

Effluent Treatment Plant (ETP) at GSK Chittagong Site.

Energy saving programs are driven by GlaxoSmithKline Sites as part of the Climate Change project. GSK set targets annually to reduce carbon emission as part of Business Unit Value Driver. To implement the programmes, Chittagong Site carried out the Energy Kaizen in 2011 with the help of the Group Experts and so far the improvement is very impressive. Site is also working on the GSK CEO's task for Water Conservation. The target is to save 15% of water by 2015.

Chittagong is a green Site containing around 1,000 various types of plants/trees. Various birds, reptiles and other animals are living safely in the greenery of the factory premises.

The ultimate goal of GlaxoSmithKline is step-by-step improvement in environmental indices. The environmental sustainability progress through strategic decisions & goals, Kaizen baseline study with defined action plans, implementation of action plans with the time-being and regular tracking /review of the performance.

These processes ensure Chittagong as green Site of GlaxoSmithKline Bangladesh Ltd.

Statement of Directors' Responsibility

Directors' statement of responsibility in relation to the financial statements

The Directors are:

- responsible for ensuring the maintenance of proper accounting records, which disclose with reasonable accuracy the financial position of the Company at any time and from which financial statements can be prepared to comply with the Companies Act 1994, Securities and Exchange Rules 1987 and the Listing Regulations of the Dhaka Stock Exchange Limited 1996;
- required by law to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the Company as at the end of the financial period and of the profit or loss for that period;
- responsible also for ensuring the operation of systems of internal control and for taking reasonable steps to safeguard the assets of the Company and for preventing and detecting fraud and other irregularities;

The financial statements for the year ended 31 December 2013, comprising principal statements and supporting notes are set out in this report (page 54 to 80).

The Directors confirm that suitable accounting policies have been consistently applied in the preparation of financial statements, supported by reasonable and prudent judgements and estimates as necessary; applicable accounting standards have been followed, and the financial statements have been prepared on the going concern basis.

The responsibilities of the auditors in relation to the financial statements are set out in the independent auditor' report signed by the auditor and included in this report (page 53).

The financial statements for the year ended 31 December 2013 are included in the Annual Report 2013, which is published by the Company in hard-copy printed form and made available on the company's website.

Management remuneration

Human Resources policies & compensation reviews are guided through the 'Customer Board'. The Managing Director heads the Customer Board with members from finance, manufacturing, consumer healthcare and human resources. The Customer Board provides guidelines for annual increment, promotion and standard of remuneration in line with budget provisions.

Annual appraisal of all employees' performance is made in accordance with the Company's established policy. Annual remuneration adjustments are performed through a system of 1+1 review (Manager recommends & Manager's Manager approves). The above country management approves the remuneration of Managing Director, Executive Directors and Senior Managers.

Going concern

After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

Internal control

The board, through the Audit Committee, has reviewed the assessment of risks and internal control framework that operates in GlaxoSmithKline Bangladesh Limited and has considered the effectiveness of the system of internal control in operation in the Company for the year covered by this report and up to the date of its approval by the Board of Directors.

Annual Report

The Annual Report for the year ended 31 December 2013, comprising the Report of Directors and the Financial Statements, has been approved by the Board of Directors in its meeting dated 20th March 2014.

Auditors' Report to the Shareholders of GlaxoSmithKline Bangladesh Limited

We have audited the accompanying financial statements of GlaxoSmithKline Bangladesh Limited (the Company) as of 31 December 2013 and the related income statement, statement of comprehensive income, statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with applicable laws and Bangladesh Financial Reporting Standards (BFRSs). This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud and error, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an independent opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessment, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedure that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of accounting estimates made by management as well as evaluating the overall financial statements presentation.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements prepared in accordance with the Bangladesh Financial Reporting Standards (BFRSs), give a true and fair view of the financial position of GlaxoSmithKline Bangladesh Limited as at 31 December 2013, and the results of its financial performance and its cash flows for the year then ended and comply with the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

We also report that:

- a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appeared from our examination of those books.
- c) The Company's Statement of Financial Position and income statement along with the annexed notes 1 to 46 dealt with by the report are in agreement with the books of account and returns.
- d) The expenditure incurred was for the purposes of the Company's business.

Dated, Dhaka 20 February, 2014 HodaVasi Chowdhury Chartered Accountants

Notes to the Financial Statements

For the year ended 31 December 2013

1 The Company and its nature of business

1.1 The Company

GlaxoSmithKline Bangladesh Limited (the Company) was incorporated on 25 February 1974 as a public limited company and is listed with Dhaka Stock Exchange Limited. The Company is a subsidiary of GlaxoSmithKline Plc, UK through its fully owned subsidiary Setfirst Limited, UK.

1.2 Nature of business

The principal activities of the Company throughout the year continued to be manufacturing and marketing of pharmaceuticals, vaccines and consumer healthcare products.

2 Basis of preparation of financial statements

2.1 Financial statements

2.1.1 Composition

The financial statements comprise of : Statement of Financial Position Income Statement Statement of Comprehensive Income Statement of Changes in Equity Statement of Cash Flows Notes to the Financial Statements

2.1.2 Statement of compliance

The financial statements have been prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs) and the relevant requirements of the Schedule to the Securities & Exchange Rules, 1987, the Listing Regulations of Dhaka Stock Exchange Limited, 1996 and of the Companies Act 1994.

2.1.3 Financial period

This financial statements cover the financial year from 1 January to 31 December 2013, with comparative figures for the financial years from 1 January to 31 December 2012.

2.2 Basis of measurement

These financial statements have been prepared under the 'historical cost' convention except for certain operating fixed assets which were revalued in 1978.

2.3 Functional and presentation currency

These financial statements are presented in Bangladesh Taka which is the functional and presentation currency. Figures have been rounded off to the nearest thousand Taka, unless stated otherwise.

2.4 Use of estimates and judgements

The preparation of financial statements in conformity with BFRS requires management to make judgements, estimates and assumptions that influence the application of accounting and reported amounts of assets, liabilities, income and expenses. Judgements and estimates are based on historical experiences and other factors, including expectations that are believed to be reasonable under the circumstances. Hence, actual experience and result may differ from these judgements and estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the significant effect on the amounts recognised in the financial statements are mentioned below:

	Policy	Note
Property, plant & equipment-Valuation	3.1	4
Property, plant & equipment-Depreciation	3.3	4
Valuation of inventories	3.4	5
Deferred tax	3.6.2	10
Impairment of property, plant & equipment	3.2	N/A
Employee benefit liabilities	3.5	13
Amortisation	3.3.2	44

3 Summary of Significant Accounting Policies

3.1 Property, plant and equipment (PP&E)

Property, plant and equipment is stated at cost or valuation less accumulated depreciation and impairment. Capital work-in-progress is stated at cost.

Effective from January 2013, all personal computers (Desktop, Laptop, Note Book, Monitor) are charged off as revenue expenditure. PCs purchased up to 31 December 2012 were capitalised and will continue to be depreciated over the remaining useful life of the PCs. Had these personal computers (PCs) been capitalised and depreciated over a useful life of three years, profit before tax for the year would have increased by Tk. 8,053 thousand.

Maintenance and normal repairs are expensed as incurred while major renewals and improvements are capitalised.

3.1.2 Intangible assets

Intangible Assets represent cost incurred for acquiring and developing computer software for Enterprise Resources Planning (ERP) of manufacturing operations of the company where the software supports a significant business system and the expenditure leads to the creation of a durable asset. ERP systems software generally involves significant customisation prior to implementation and is expected to have a useful economic life of seven years.

3.2 Impairment of PP&E

The carrying values of all PP&E are reviewed for impairment on annual basis to assess whether there is any indication that the assets might be impaired. Any provision for impairment is charged to the Statement of Comprehensive Income in the year concerned.

There is no impairment in 2013 and 2012.

3.3 Depreciation

Depreciation is provided on straight line method at the annual rates shown below and leasehold land is amortised annually in such a manner that at the end of the period of lease the land is fully amortised:

Category of PP&E	Rate (%)
Freehold buildings	2.5
Plant and machinery	5 & 10
Furniture, fixtures and equipment	10,12.5 & 15
Computers	25, 33.33 & 100
Vehicles	25

Depreciation on additions made during the year is charged from the month in which the newly acquired assets are put into commercial operations. Depreciation on disposal of property, plant and equipment is made up to the month prior to the disposal.

3.3.2 Amortisation of intangible assets

Amortisation is calculated to write-off the cost of the intangible fixed assets, using the straight-line basis, over their expected useful lives. The normal expected useful life of computer software is reviewed annually and is 7 years.

Posis of voluction

3.4 Basis of valuation of inventories

Finished products and Work-in-process	At the lower of cost or net realisable value. The cost includes allocation of production overheads that relate to bringing the inventories to their present condition and location.
Raw and packaging materials	At the lower of cost or net realisable value.
Stores and spares	At the lower of weighted average cost or net realisable value.
Materials & stores in-transit	At cost including related charges.

3.5 Retirement benefit schemes Gratuity fund:

The Company operates an unfunded gratuity scheme, provision in respect of which is made annually covering all its eligible permanent employees other than the management staff.

Pension fund:

The Company contributes (based on actuarial valuation of 2012) to a recognised pension fund which is operated for its eligible permanent management staff. The fund has now been closed to new entrants joining the Company on and after 1 September 2012.

Provident fund:

The Company maintains contributory recognised provident funds for its eligible permanent employees.

3.6 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

3.6.1 Current tax

Provision for current year's taxation is based on the elements of income and expenditure as reported in the financial statements and is computed in accordance with the provisions of the Finance Act/Ordinance.

3.6.2 Deferred tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Currently enacted tax rates are used in the determination of deferred income tax.

Deferred tax liabilities are recognised for all temporary taxable differences.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

3.7 Foreign currencies translation/transaction

Foreign currency receipts and payments during the year are translated at the exchange rate ruling on the transaction date. However, assets and liabilities at the reporting date are converted at the rate existing on that date.

3.8 Revenue recognition

Revenue represents product invoiced during the year to customers net of value added tax, rebates, discounts and commission.

Revenue also includes contract manufacturing charges invoiced to customers for services rendered.

3.9 Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating lease.

3.10 Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the period in which the dividends are approved by the Company's shareholders.

3.11 Earnings per share

The Company calculates its earnings per share in accordance with Bangladesh Accounting Standard (BAS-33) which has been shown on the face of Statement of Comprehensive income.

Basic earnings

This represents earnings for the year attributable to ordinary shareholders. As there were no preference shares requiring returns or dividends, minority interest or extraordinary items, the net profit after tax for the year has been considered as fully attributable to the ordinary shareholders.

Basic earnings per share

This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share

No diluted earnings per share is required to be calculated per year as there was no scope for dilution during the year.

3.12 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the financial statements only when there is legally enforceable right to set-off the recognized amounts and the Company intends either to settle on a net basis, or to realise the assets and to settle the liabilities simultaneously.

3.13 Materiality and aggregation

Each material class of similar items is presented separately in the financial statements. Items of dissimilar nature or function are presented separately unless they are immaterial.

12,757	21,415				

It is the Company's policy to lease Motor Vehicles above certain amount under finance leases. The lease term is 5 years. For the year end 31 December 2013, the average effective borrowing rate was 15.68%. Interest rates are fixed at the contract date. All leases are on a fixed repayment basis and no arrangements have been entered into for contingent rental payments.

All lease obligations are denominated in Taka.

The Company's obligations under finance lease are secured by the lessor's charges over the leased assets.

43 Financial risk management objectives and policies

The Company's financial liabilities mainly comprise of trade and other payables and short-term running finances. The main purpose of financial liabilities is to raise finance for the Company's operation. The Company's financial assets comprise of loans to employees, trade and other receivables and bank balances. The Company is exposed to credit risk, liquidity risk and market risk.

The Board of Directors has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Board is responsible for developing and monitoring the Company's risk management policies. The Company has also formed 'Risk Management & Compliance Board (RMCB)'.

The objective of the RMCB is to review and assess the quality and effectiveness of the risk management system and ensure that the risk policies are effectively managed and incorporated in the management structure of the Company. It also oversees the risk management strategies to achieve current and accurate compliance with operational and legal requirements and identification of foreseeable trends that could significantly impact the Company's overall business objectives.

43.1 Credit risk

Credit risk represents the accounting loss that would be recognised at the reporting date if counter parties fail completely to perform as contracted. It mainly comprises of trade receivables, advances to suppliers, trade deposits and bank balances. The Company's maximum exposure to credit risk at the reporting date is as follows:

Loans to employees
Advances to employees
Advances to suppliers
Security deposits
Trade receivables
Other receivables
Bank balances

	December
2013	2012
826	7,333
5,365	2,871
29,781	53,077
2,200	1,852
348,316	202,356
46,746	24,728
1,679,769	1,017,940
2,113,003	1,310,157

Tales in 1000

The aging of trade receivables at the reporting date is as follows:

Trade receivables

Not past due Past due 1-180 days Past due more than 180 days

348,316	202,356
-	-
-	-
348,316	202,356

To mitigate the credit risk against trade receivables, the company has a system of specific credit line period to the distributor. This outstanding period and amount are regularly monitored. The Company endeavors to cover the credit risks on all other receivables, where possible, by restricting credit facility and stringent monitoring.

43.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The table below summarises the maturity profile of the Company's financial liabilities as at the reporting date.

Taka in '000

Financial liabilities	Less than 12	1 to 2	2 to 5	Carrying
	months	years	years	amount
2013 Finance lease Trade and other payables	8,659 1,949,378	8,966	3,790	21,415 1,949,378
2012 Finance lease Trade and other payables	7,735	17,739	4,664	30,138
	1,369,468	-	-	1,369,468

Maintaining sufficient cash, the availability of funding through an adequate amount of committed bank facilities, the companymanages the liquidity risk.

43.3 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices such as foreign exchange rates, interest rates and other price risks. The objective of market risk management is to manage and control market risk exposures within an acceptable range.

43.3.1 Foreign currency risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to company's operating activities with the foreign suppliers.

The Company's exposure to foreign currency risk in major currencies at their gross values is as follows:

Taka i	n '000
--------	--------

	Foreign currency	2013	2012
Trade and other receivables	USD	422	430
	GBP	187	66
Cash and bank balances	USD	184	134
	GBP	14	14
Trade and other payables	USD	2,337	3,567
	GBP	152	191
	AUD	-	6

The Company did not experience any unusual profit or loss causing from foreign exchange fluctuation till date. The following is the demonstration of the sensitivity to a reasonably possible change in exchange rate of all currencies applied to assets and liabilities as at reporting date represented in foreign currencies, with all other variables held constant, of the Company's profit/loss before tax.

Change in exchange rate	±	1%	1%
Effect on profit/loss before tax (Tk. '000)	±	1,272	2,544

43.3.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rate relates primarily to the Company's short-term deposits and running finances.

At the reporting date, the average interest rate of the Company's interest bearing financial instruments was as follows:

2013 2012 2013 2012 Taka in '000 **Effective rates % Financial assets** Term deposit 9%-12% 10%-12.50% 1,406,862 800,000 Financial liabilities Finance lease 15.68% 15.68% 21,415 30,138

The Company's policy is to keep its short-term running finances at the lowest level by effectively keeping the positive bank balances. Further, the Company also minimises the interest rate risk by investing in fixed rate investments like term deposit receipts.

43.3.3 Other price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk and currency risk). The Company is not exposed to any equity price risk, as the Company does not have any investment in equity shares. The Company also is not exposed to commodity price risk.

45 Comparatives

Previous year's figures and account titles in the financial statements have been rearranged and reclassified, wherever necessary for the purpose of comparison, without, however, creating any impact on the profit and value of assets and liabilities as reported in the financial statements for the current year.

46 Events after the reporting period

Since the reporting period there has been no material changes affecting the financial position of the Company.
